Toronto, ON Canada 2011

I played here for the first time at the summer NABC and back again in 2017. There's always time to explore new cities! (Although I had been here in 1995 on a family vacation.)

MEXICO 2023: I played bridge as part of a foursome in Loreto, Baja de California Sur, Mexico while there vacationing. The foursome was myself and the 3 friends I was vacationing with-Sandy, Ellie, and Fay. Poor Fay! She had 3 more advanced bridge players, 2 of whom were bridge teachers, trying to help her improve her bridge! She was a good sport! Of course we had fun doing other things as well!
