Made Gold Life Master!

I made Gold Life Master in December while at the Fall NABC. My plan for this year is to add to the number of states I've played bridge in. I'm planning on adding 3 states after I go to the summer NABC in Philadelphia with a road trip down to Ocean City, MD so I can play at a club in Maryland and Delaware before taking the ferry over to New Jersey to play there before heading home from Philadelphia. Supervised Play Online

I've added more supervised plays, both mornings and evenings. Mornings are generally Monday through Friday 10:45 to 11:45, although I occasionally either cancel them or adjust their timings so I can go play at either John Knox or at the Studio, and of course once the summer gets here, I'll be teaching and directing the Mo-Kan lessons and games on Friday.

I've also added to the evening plays, on Monday through Thursday from 7 to 8 p.m. unless they are getting bumped for a class.

If you'd like to set up a private hour of just supervised play for your own group of 4 and I can fit into our schedules, you can do so for the same \$5 per person as my other supervised plays.

Join us in April 2026 for our European tour! Play bridge while on tour! Check out my website for more details!
